Working together for a safer Scotland

ANNUAL OPERATING PLAN
2015-2016

EXTENDED ACTION PLAN FOR 2016-2017

**Working together
for a safer Scotland**

◣ Introduction

The Annual Operating Plan is produced to support the Scottish Fire and Rescue Service Strategic Plan. It sets out the key development and improvement work that will be carried out in the year ahead to enable the Service to meet its strategic aims.

It is difficult to produce a definitive new Annual Operating Plan 2016/17 at this time, as our actions must align to the content of both the new Fire and Rescue Framework for Scotland 2016 and the new Strategic Plan for 2016-19. These are currently in production and expected to be in place from October 2016. To address this, the Annual Operating Plan 2015/16 supporting action plan has been reviewed and extended for a further year.

Once the content of the Fire and Rescue Framework for Scotland 2016 and the new Strategic Plan 2016-19 are agreed this action plan will be reviewed, leading to the publication of a realigned action plan from 1 October 2016 to cover the remaining six months of the year.
